

THE RESORT & DIVING

CoCo View is located on the protected south shore of Roatan 35 miles off the north coast of Honduras. CCV has one of the highest return guest rates in the world evidencing the quality of the diving and the resort . There are two-two-tank boat trips daily - that's four boat dives daily . The "Front Yard" shore-diving is excellent on CoCo View Wall, Newman's Wall, and the wreck of the Prince Albert. Everything is conveniently set-up so you can dive as much as you want 24/7. The reefs are healthy and full of life! This is a divers paradise with activities for non-divers too.
